“I am pleased that our slate includes a number of members who are not registered Democrats,” said Pat Del Monaco, NFDTC Chair and candidate for First Selectman. “We work best when we work together across party lines. “

“To address the steep mill rate increases that have characterized the last few years, to make sure our schools are adequately funded, and to decide issues that remain unresolved, such as the bus lot, we need a bipartisan consensus on our boards and commissions,” said Mr. Landa. “Electing the NFDTC slate will do that.”
